Employment Experience

Eastern Health
Regional Manager
Diagnostic Imaging Dept.

Nov 2016 - Present

This is a Management role. This position builds on my previous Lead Tech role. I am responsible for the operations of an entire DI department. This involves day to day operations as well as budget and planning.

Eastern Health
Technologist II

Jan.2010 – Oct. 2016

This is a Lead Technologist role .This position often involves many Supervisory duties.

This role definitely demands leadership abilities, interpersonal and teambuilding skills.

The role often requires teaching and speaking to a variety of groups.

I was responsible for Quality assurance of all cassette maintenance as well as the testing of lead aprons in my department as well as other departments in the hospital. I was responsible for the monitoring and recording of all dosimeters worn within our department. I ensured that all employees were given the proper training needed to be a knowledgeable, productive, and a safe member of our team.

Eastern Health
Technologist I

May 1994 –Jan. 2010

I have worked as a Technologist at three of the four sites within the city of St. John's.

I have worked at the rural hospital sites as a relief technologist. This gave me insight into what it's like to work in a rural area.

Special Skills and Interests

2014 - Present Eastern Health

I developed Standard Operating Procedures that could be used regionally within all Eastern Health. I work with the Quality safety manager as well as other members of the management team to change and create new policies to improve quality and safety in our workplace. In 2015, I played an instrumental role as part of a PICC line implementation Team, which has proven to be a great success, earning us a nomination for the CEO award.

2013 – 2015 CAMRT Board of Directors representative for NL

We addressed the concerns of our professional members across the country. We worked together as a board to bring forth the best solutions to all our members.

2012 – 2014 CBS Soccer Association Board of Directors

As a Board member, I initiated new programs, one for example was the exchange of equipment at the soccer hut. I also saw a need to develop a House league policy, which I was very successful in developing and introducing to the community. I also played an instrumental role in revising the by-laws, as well as revamping the All - Star Policy.

2012 – 2013 Campia Gymnastics Board of Directors

As a board member, I took on the responsibility of reviewing as well as re-vamping the Campia Gymnastics By-Laws. I was part of a team that made decisions that affected the operations of the club.

2009 – 2013 President of the Newfoundland and Labrador Association of Medical Radiation Technologists.

In September 2009, I assumed the role of President of our Professional association. While in this role I have been involved in many Leadership, Diversity in the workplace, as well as Strategic planning workshops. I was proud to be a member of both The Diagnostics Health Workforce Network and The Advisory Committee for Medical Radiography and Ultrasonography.
